Employment

Since becoming unemployed in January 2008 I have kept myself busy studying an Open University B.A in History. I spent 2 months during 2010 with Thomas Dudley Ltd, on a work experience placement where I undertook the following tasks:

- Automated production and emailing of Crystal reports using c# and .NET.
- Interface between Vantage CSM and Magento online shopping application using C#, .NET, SOAP, PHP and XML.
- Bespoke modifications to Magento e-commerce application using PHP and XML.
